Fellow Chevy Lovers_

Our next meeting will be 2 days after our car show Oct. 10 at Enderle Center in Tustin. I thought this would be good time to talk about all the work that goes on behind the scenes and what it really takes to put on our annual VCCA car show. As you know we did not have a car show last year because of the pandemic and were expecting a large turnout this year. So far, the registration numbers have not been that great, but it seems people often wait until the last minute to register. Maybe this year it is because things are so unpredictable and there are still concerns regarding the Delta Virus-Covid 19.

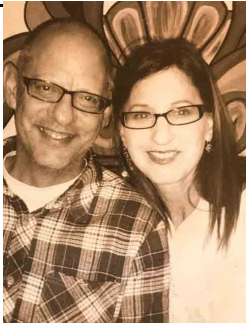

Jim Karris, car show chairman starts his duties early in the year. He first must make sure we have a date, approved by Enderle and on their calendar. Then he must contact national VCCA to make sure we have insurance for the event and puts the event date, time, location in the G & D.

Jim works with Mark Wilk (designer extraordinaire) on the artwork for the flyers, t-shirt, trophies and directory for the show. Art work for the shows has been done for many years by Mark Wilk. Every year Mark starts from scratch to create all new images which he hand draws. He then adds colors and detail to make them perfect. When doing the artwork, he put it into a special program to get sent out for printing. We are so fortunate to have him, such a talented artist, as a longtime member of our region.

After the artwork is done Jim orders the flyers. We pass them out to the members and car community at large. At this point at least two car show meeting dates are set up to assure that all needs for the day of the show are met with members assigned to various duties. The duties on the agenda fill a whole sheet of 8 X 11 paper typed in small print. Once the flyers are distributed the registration chair begins her work to set up an Excel file with numerous sheets including all details needed to tract information, names, car year, type with color, number & size of t-shirts, those requesting judging, opportunity & 5050 tickets ordered, phone numbers, email addresses, etc. Checks or cash for registration is forwarded to Tom Clark for processing and banking, He then preps the cash boxes for the day of the show. About 3 weeks prior to the show Sabrina orders the t-shirt.

Next, Jim works with Mike Sherman, head Judge, and other members to plan for coverage of needed judges for the show. After that, I work with Connell Chevrolet to assure they are on board to pay for the trophies. We have been very fortunate that Connell Chevrolet has for many years paid this expense. Once all that is clarified I order the awards for the show.

Sabrina prints the window cards for the cars and car categories pages for parking the cars day of the show. Prior to the day of the show the window cards, tickets ordered and other things are put into envelopes for the day of the show. Susan Hergenreter is incharge of the Opportunity table and 50/50 drawing. Please bring your contributions to the show. Gary

They are missed. What caring, sweet soles!

The Dash Poem, by Linda Ellis

I read of a man who stood to speak at a funeral of a friend. He referred to the dates on the tombstone from the beginning...to the end.

He noted that first came the date of birth and spoke of the following date with tears but said what mattered most of all was the dash between those years.

For that dash represents all the time they spent alive on earth and now only those who loved them know what that little line is worth.

For it matters not, how much we own, the cars...the house...the cash. What matters is how we lived and loved and how we spend our dash.

So, think about this long and hard; are there things you'd like to change? For you never know how much time is left that still can be rearranged.

To be less quick to anger and show appreciation more and love the people in our lives like we've never loved before.

If we treat each other with respect and more often wear a smile...remembering that this special dash might only last a little while.

So, when your eulogy is being read, with your life's actions to rehash, would you be proud of the things they say about how you lived your dash?

Life is like a journey on a train

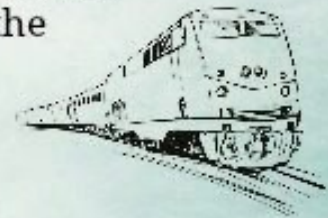

with its stations, with changes of routes and with accidents!
At birth we boarded the train and met our parents, and we believe they will always travel on our side. However, at some station our parents will step down from the train, leaving us on this journey alone. As time goes by, other people will board the train; and they will be significant i.e. our siblings, friends, children, and even the love of our life. Many will step down and leave a permanent vacuum. Others will go so unnoticed that we don't realize that they vacated their seats! This train ride will be full of joy, sorrow, fantasy, expectations, hellos, goodbyes, and farewells. Success consists of having a good relationship with all the passengers... requiring that we give the best of ourselves.

The mystery to everyone is: We do not know at which station we ourselves will step down. So, we must live in the best way – Love, forgive, and offer the best of who we are. It is important to do this because when the time comes for us to step down and leave our seat empty, we should leave behind beautiful memories for those who will continue to travel on the train of life without us.

I wish you a joyful journey for the coming years on your train of life. Reap success, give lots of love and be happy.

More importantly, be thankful for the journey!

Lastly, I thank you for being one of the passengers on my train!
