Director's Message

January 2023

Dear Chevy friends,

Happy New Year! 2023 is so welcome, as it brings new events; experiences, and fellowship. OCVCCA made it through 2022 with some great events, and we are ready for more fun activities as we embrace the months ahead.

Most of our 2023 Committee chairs have been appointed and they will be announced at the January meeting. Our goal for every committee is to start right out of the gate tackling their assigned projects and tasks.

We hope to keep the momentum we've enjoyed over the past 12 months, gain some new members, and host some fun activities this year.

Our next meeting is set for January 10th at 7 PM at the Church of the Foothills in Santa Ana at which our new officers will begin their duties. The Supper Club dinner at Spires in Tustin is at 5:30 PM before the meeting.

The Breakfast Club will meet next at 8:30 AM on Saturday, January 14th at Country Café 2321 E. 4th St., Suite A, in Santa Ana at Tustin Ave.

Until next month, remember; life is a journey not a destination, so relax and enjoy the ride!

Jim

The Ford Quadricycle was the first vehicle developed by Henry Ford. Ford's first car was a simple frame with a gas-powered engine and four bicycle wheels mounted on it. The earliest cars were hand built, one by one, and very expensive. The peculiar machines were seen as toys for the rich. In the 1890s, the "horseless carriage" ...
